#### Limited review report on the consolidated interim condensed financial statements

To: The Board of Directors of Middle East Glass Manufacturing Company (S.A.E.)

#### Introduction

We have reviewed the accompanying consolidated condensed statement of financial position at 30 June 2019 of Middle East Glass Manufacturing Company (S.A.E.) and the related consolidated condensed statements of profits or losses, comprehensive income, changes in equity and cash flows for the six months then ended. Management is responsible for the preparation and fair presentation of these consolidated interim financial statements in accordance with Egyptian Accounting Standards. Our responsibility is to express a conclusion on these consolidated interim condensed financial statements based on our review.

#### Scope of limited review

We conducted our limited review in accordance with Egyptian Standard on Review Engagements No. 2410, "Review of Interim Financial Statements Performed by the Independent Auditor of the Entity." A limited review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A limited review is substantially less in scope than an audit conducted in accordance with Egyptian Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on these financial statements.

#### Conclusion

Based on our limited review, nothing has come to our attention that causes us to believe that the accompanying consolidated interim condensed financial statements is not prepared in all material respects, in accordance with Egyptian Accounting Standards.

Mohamed Ahmed Fouad, CPA R.A.A. 11595

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

#### 1. General information

Middle East Glass Manufacturing Company S.A.E. (the Company) was established in 1979 as an Egyptian joint stock company under the provisions of Law No. 43 of 1974 as amended by Law No. 230 of 1989 and further amended by Law No. 8 of 1997. The Company is registered in the commercial register under number 193770 in Cairo. The address of the Company's registered office is Nasr City, 6<sup>th</sup> District, Industrial Zone, Cairo – Arab Republic of Egypt.

The Company is listed on the Egyptian Stock Exchange (EGX).

The Company and its subsidiaries together comprise "the Group".

The registered office of the Company is 6 Mokhayam El-Daem Street, Sixth District, Nasr City, Cairo. The Company's main activity is manufacturing all kinds of glass bottles and containers and the acquisition of other entities that operate in the same industry.

The parent of the company is MENA Glass Holdings Limited with 51.43% ownership.

Subsidiaries	Share	Activity
Middle East Glass Containers Sadat	99.97%	Manufacturing Glass Containers
MEG Misr for Glass MEG	99.97%	Manufacturing Glass Containers
Misr for Glass Manufacturing (owned 99.97% by MEG Misr for Glass MEG)		Manufacturing all kinds of Glass Bottles and the acquisition of other entities that operate in the same field

These interim condensed consolidated financial statements have been approved for issuance by the Chairman of the Board of Directors on 22 August 2019.

#### 2. Accounting policies

The principal accounting policies applied in the preparation of these interim condensed consolidated financial statements are the same as included in the annual consolidated financial statements for the year ended 31 December 2018 financial statements. These policies have been consistently applied to all the periods presented, unless otherwise stated.

## A. Basis of preparation

These interim condensed consolidated financial statements as at 30 June 2019 have been prepared in accordance with EAS 30 Interim financial reporting. As permitted by EAS 30, the Company has opted to prepare a condensed version as compared to the year end consolidated financial statements.

These interim condensed consolidated financial statements do not include all of the information and disclosures required for a complete set of consolidated financial statements, and should be read in conjunction with the Company's annual financial statements for the year ended 31 December, 2018.

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

#### B. New standards, interpretations and amendments adopted by the Company

On 28 March 2019, the minister of Investment issued a decree no. 69 for 2019 which includes new standards and amendments to the existing standards. The amendments in the EASs have been published in the official gazette on 7 April 2019. These changes are mainly represented in three new standards which should be adopted for the financial periods commencing on or after 1 January 2020 as follows:

# 1- EAS No. (48) - Revenue from contracts with customers:

This standard should be adopted for the financial periods commencing on or after 1 January 2020. Early adoption is permitted, providing that the amended standards No. (1), (25), (26) and (40) should be adopted at the same time.

This standard established a comprehensive framework for determining how much and when revenues should be recognized. This standard replaces EAS No. (11) 'Revenues' and EAS No. (8) 'Construction Contracts'.

#### 2- EAS No. (47) - Financial instruments:

This standard should be adopted for the financial periods commencing on, or after 1 January 2020. Early adoption is permitted, providing that the amended standards No. (1), (25), (26) and (40) should be adopted at the same time.

The standard includes a new classes of classification and impairment model for financial assets which reflects the business model in order to manage the assets and their cash flows through this business model.

EAS No. (47) replaced the 'incurred loss' model in EAS No. (26) by the 'expected credit loss' model.

#### 3- EAS No. (49) - Leases:

Effective I January 2019, the Company adopted EAS 49 for all finance lease contracts. EAS No. 49 introduces a single lease accounting model for lease contracts. A lessee recognizes his right-of-use for assets and the lease liability representing the lease instalments liability. There are some exemptions for short-term lease contracts and assets lease contracts with low value. This standard replaces the EAS No. 20 'Accounting rules and standards related to financial leases'.

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

#### Basis of preparation (continued)

The Company performed a detailed assessment of EAS 49 and the impact of its adoption as at 1 January 2019 noted as follows:

	31 December 2018	Impact of EAS 49	1 January 2019

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

#### Basis of preparation (continued)

Upon initial recognition, the right of use asset is measured as the amount equal to initially measured lease liability adjusted for lease prepayments. Subsequently, the right of use asset is measured at cost net of any accumulated depreciation and accumulated impairment losses. Depreciation is calculated on a straight-line basis over the shorter of estimated useful lives of the right-of-use assets or the lease term, unless there is a bargain purchase option at the end of the lease.

The lease liability was measured upon initial recognition at the present value of the future lease payments, discounted with the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Subsequently lease liabilities are measured at amortized cost using the effective interest rate method.

Right-of-use assets and lease liabilities will be remeasured subsequently if any one of the following events occurs:

- Change in lease price due to indexation or rate which has become effective in reporting period.
- Modifications to the lease contract.
- Reassessment of the lease term.

#### Transition

The Company adopted EAS 49 on the date the standard becomes effective, 1 January 2019. The Company adopted the standard using the modified retrospective approach. And that comparatives were not restated.

The weighted-average incremental borrowing rate applied to lease liabilities recognized on 1 January 2019 was 19%.

The following table reconciles the Company's operating lease commitments as at 1 January 2019, to the lease liabilities recognized upon initial application of EAS 49 at 1 January 2019.

Operating lease commitments as at 1 January 2019	110,998,322
Short term leases	
Total undiscounted lease commitments	110,998,322
Discounting effect using incremental borrowing rate	(38,496,928)
Lease liability recognized on balance sheet as at 1 January 2019	72,501,394

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

EAS 49 lease liability presented as:	
Non-current	62,474,522
Current	10,026,872
	72,501,394
Y 15-1-19404-20 Y 2010	<del></del>
Lease liability as at 30 June 2019	30 June
	2019
Commitments in relation to leases are payable as follows:	2017
Within one year	25,039,531
•	75,438,470
Later than one year	73,430,470
Later than five years	100 450 001
Minimum lease payments	100,478,001
Discount Rate	19%
The present value of lease liabilities is as follows:	
Within one year	12,640,674
Later than one year	55,905,027
Later than five years	-
Present Value of Minimum Lease Payments	68,545,701
	30 June
	2019
Right of use assets as at 30 June 2019:	
Beginning of the period	73,209,104
Amortization during the period	(3,412,710)
Balance as at 30 June 2019	69,796,394

#### C. Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

#### Fair value of financial instruments (continued)

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level of inputs that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

# D. Liquidity risk management

Liquidity risk is the risk that the Group will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities.

The Company limits its liquidity risk by ensuring adequate bank facilities are available and by maintaining adequate reserves, by monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and financial liabilities. Trade payables are normally settled within 90 days of the date of purchase.

The table below summarises the maturities of the Group's undiscounted financial liabilities at 30 June 2019, based on contractual payment dates and current market interest rates.

	Less than 6 month	Between 6 month & 1 year	Between 1 & 2 years	More than 2 years
30 June 2019				
Trade and notes payable	437,219,527	-	-

<sup>\*</sup> Accrued expenses and other payables presented above excludes advances from customers.

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

## 3. Critical accounting estimates and judgments

#### (1) Critical accounting estimates and assumptions

The preparation of these financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates. The significant judgements made in applying the Group's accounting policies were applied consistently across the annual periods. The significant judgements and key sources of estimation uncertainty that have a significant effect on the amounts recognised in these financial statements are outlined below.

#### a. Employee benefits

Management determines employee benefit liabilities using an independent actuarial expert and revises the sufficiency of these liabilities on an annual basis according to the accounting policy.

# b. Property, plant and equipment - useful life

Property, plant and equipment are a substantial portion of the total assets of the Group, depreciation expense that is related to this property, plant and equipment is a substantial portion of annual operating expenses.

The useful life of property, plant and equipment which were based on management estimation and assumptions has a significant impact on assets value. Each item of the property, plant and equipment has a useful life estimation based on the past experience of corresponding assets, expected period in which economic benefits will flow to the Group during the operation of the asset.

The useful life of property, plant and equipment estimates and assumptions are reviewed periodically to assess if there is any adjustments or changes related to useful life or residual values if there is any adjustments will be implemented on future years.

#### c. Intangible assets useful lives – customer relationships

The Group amortizes customer relationships arising from a business combination using the straight line method over 5 years which is estimated to be the period of the projected cash flows for customer relationships.

#### d. Impairment of goodwill

The group tests whether goodwill has suffered any impairment on an annual basis in accordance with the accounting policy. The recoverable amounts of cash generating units are determined based on value-in-use calculations. These calculations require the use of estimates.

#### e. Impairment of trade receivables

Impairment of trade receivables are estimated according to the aging of the debts. Management assesses the credit position and the payment ability of customers in which their debt is overdue as per the given credit facility and estimates, accordingly the Group recognizes the required impairment.

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

#### Critical accounting estimates and judgments (continued)

#### f. Fair value measurement of derivative financial instruments

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Group uses its judgment in appropriately estimating the fair value of derivative financial instruments. Derivative financial instruments held by the Group do not have observable market price and so the Group is required to identify appropriate valuation models in calculating these fair values in making its estimates, priority is given to observable inputs.

# (2) Critical judgment in applying the accounting policies

#### Investment in Medco Plast for Packing and Packaging Systems (S.A.E.)

The Company's management estimated the Company's level of influence over Medco Plast for Packing and Packaging Systems S.A.E. ("Medco Plast") and concluded that it has significant influence, although the Company owns less than 20% of the issued capital shares. This determination is based on the composition of and representation rights on the board Medco Plast and therefore, the investment was classified as investment in associate.

Notes to the interim condensed consolidated financial statements - - For the six months period ended 30 June 2019

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

#### Property, plant and equipment (continued)

#### Pledge on assets:

All machinery, tools and production lines are subject to commercial pledges, as collateral in the first degree for bank loans extended to the Group (Note 5).

Project under constructions analysis is as follows:

****	Balance at 1 January 2019	Additions during the year	Disposal	Transfer to fixed asset	Balance at 30 June 2019
	44,433,305	11,200,017	(238,600)	(32,195,522)	23,199,200

The balance of project under construction as of 31 December 2018 is represented as flows:

	30 June 2019
New and upgraded furnace	6,199,623
Building	3,981,162
Others	1,019,232_
	11,200,017

#### 5. Bank borrowings and overdrafts

		30 June 2019	31 December
A.	Borrowings - current portion		
	Bank loans	367,758,648	303,501,784
	Bank overdrafts	251,581,455	222,333,210
	Total current portion	619,340,103	525,834,994
B.	Borrowings non-current portion		
	Bank loans	665,046,786	783,101,973
	Total non-current portion	665,046,786	783,101,973
	Total	1,284,386,889	1,308,936,967

Bank facilities extended to group companies are subject to security arrangements as follows:

- Key customers contracts.
- Restrictions over transfers of subsidiaries' shares owned by the Company.
- Commercial pledges over plant and machineries.
- Insurance and assets acquired in favor of the banks.
- Corporate cross guarantee.

The average interest rate on loans is 2.75% over the Central Bank of Egypt lending rate (the "corridor" rate) for loans in Egyptian pounds, 4.75% over Euribor for loans in Euro and 3.75% over 3 month Libor for loans denominated in US Dollars.

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

# 6. Earnings per share

Basic earnings per share is calculated by dividing the net profit attributable to the shareholders of the parent company by the weighted average number of ordinary shares issued, after considering the proposed employees' profit share.

A. Earnings per share from continuing operations

_	Six months en	ded 30 June	Three months e	ended 30 June
-	2019	2018	2019	2018
Net (loss) / profit attributable to owners' equity	82,786,511	(473,725)	27,955,674	(5,492,846)
Weighted average number of issued and paid shares	50,322,580	50,322,580	50,322,580	50,322,580
Earnings / (loss) per share	1.65	(0.01)	0.56	(0.11)

B. Earnings per share from discontinued operations

	Six months en	ded 30 June	Three months e	nded 30 June
	2019	2018	2019	2018
Net profit attributable to owners' equity	45,119,063	12,599,182	1,417,648	5,338,633
Weighted average number of issued and paid shares	50,322,580	50,322,580	50,322,580	50,322,580
Earnings per share	0.90	0.42	0.03	0.18

The diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding assuming full conversion of all potential dilutive ordinary shares. As of 30 June 2019, the parent company does not have potential diluted shares and therefore, diluted earnings per share is equal to basic loss per share.

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)

#### 7. Assets and liabilities of disposal group classified as held-for-sale and discontinued operations

In October 2017, the Board of Directors of the Company approved the sale of 74% of its 60% investment in "Medco Plast for Packing and Packaging System S.A.E." (Medco Plast).

On 14 November 2018, the transaction closed and the consideration for the sales shares representing 74% of its investment in Medco Plast was EGP 505,847,342, of which EGP 101,169,486 was held in escrow account for completion price adjustment and potential warranty and tax claims in accordance with the terms of the sale and purchase agreement which is customary in sale transaction. The Company retains a non controlling interest of 15.6% in the issued capital of Medco Plast which is recognized as an investment in associate. The value of the investment in associate was measured at fair value at the loss of control date.

(a) The table below shows the results of the discontinued operations for the period ended 30 June 2019 and for the period ended 30 June 2018

•	Six months en	ided 30 June	Three months	ended 30 June
	2019	2018	2019	2018
Revenues	_	540,896,548	-	293,538,769
Other income*	58,218,146	-	1,829,223	
Expenses	-	(519,897,912)	-	(284,641,047)
Profits of discontinued				
operations	58,218,146	20,998,636	1,829,223	8,897,722
Income tax	(13,099,083)	***	(411,575)	***
Profits of discontinued		_		
operations after tax	45,119,063	20,998,636	1,417,648	8,897,722

<sup>\*</sup> Other income comprises amounts released from the deferred portion of Medco Plast sale consideration. This deferred consideration was initially retained in escrow account in accordance with the terms of the sale and purchase agreement and was released during the period after receiving the final completion price adjustment report.

Notes to the interim condensed consolidated financial statements For the six months period ended 30 June 2019

(In the notes all amounts are shown in Egyptian Pounds unless otherwise stated)
